

Tchatte.com strengthens its social networking offer

N°1 chat platform of the Index Multimedia group, Tchatte.com adorned for the Christmas period offers as a gift to its users a new community dimension. Initially dedicated to the chat, Tchatte.com is successfully changing into social networking with more services and more interaction such as:

- Adding of comments on other Tchatte members profiles
- Simplified navigation and more intuitive
- Event-driven design
- Member zone to manage one's contents more easily.

"My account" new section has the ambition to offer to the members a space dedicated to the management of their personal information, their buddy list and comments received.

The site is also enhanced with a new menu facilitating the navigation through a graphic distinction between the services on portal and partner services off portal. The menu displays the consulted section allowing to be better situated.

Tchatte.com allows to its members enlarging or building up a community composed of new contacts, extending the relation circle to other persons than those known by the user.

With more than 30 000 connected simultaneously on the chat, possibilities of meeting are increased. To facilitate the contacts, Tchatche.com also proposes search tools with targeting criteria such as: sex, age, region, country, contents (photo / blog). Thus, users can chat with new profiles in two clicks only.

Our Tchatche.com application is also available on apple store / iphone.
